Introduction

The FISU World University Championship Department created the International FISU Volunteer Programme which was implemented from 2016 Championship season and fully operational and successful in 2018. This programme has been carefully studied internally, adjusted when needed and is based on clear objectives and the timeline developed below. After good first seasons, the Championships & World Cups Department, in cooperation with the Education and Development Department has decided to run the programme again for the 2022 season.

Objectives

The objectives below have been defined to benefit the three different stakeholders of this programme:

- Offer worldwide **volunteers** the possibility to gain experience at an international sport event and develop event management and communication skills. It is also an opportunity to create worldwide contact with the International University Sport community;
- Allow **FISU** to increase its network and database of future leaders in sports management;
- Give the **Organising Committee (OC)** the opportunity to benefit from outsiders' vision on their event and an added value of key volunteers in important organisational areas.

General terms

- A defined number of international volunteers per Championship and World Cup is agreed with each OC;
- The Organising Committee is in charge of local transportation, accommodation and full board;
- The volunteers or their NUSF are in charge of the travel costs and any other related expenses (visa, insurance...);

INTERNATIONAL
UNIVERSITY

FEDERATION

- Please note that in case of cancellation of the Championship or World Cup due to the Covid, volunteers will not be reimbursed of their travel costs. Volunteers shall make sure to have proper insurance on this matter.
- Selected volunteers shall make sure that they follow the sanitary regulations put in place by the Championship or World Cup organising committee (PCR test, Covid-19 Vaccine, etc.)

Selection criteria

- Reasons of application and relevance in the frame of the Championship and World Cups;
- Language skills & field of study;
- Work & volunteer experience;
- Sport knowledge;
- Geographic location.
